DEMIGOD!?
BLACK BEAST

LORE (DEMIGOD!?)

The 'Demigods' are mostly unknown entities. Their presence not well recorded in world history. Their tale yet undocumented, they stand enigmas. Threat or guardians? Or perhaps both?

One attribute seems to have been undisputedly documented, their ability to mutate with others, thus altering their appearance and attributes.

What secrets will be revealed as the tale of these mystical creatures unravels?

LORE (BLACK BEAST)

“She didn’t recognise the faint silhouette at first but she had definitely seen it before.

In some fevered vision. The shape moved closer and its shadow was terror.

Now she remembered, it was evil, evil incarnate!”
